

# ULTRAsoft

Fabric Drying Aid and Conditioner/Residue Remover

## PRODUCT DESCRIPTION

Electrolytic Conditioner and Drying Aid. Ultra Soft is a conditioner and drying aid which does not adjust pH, but instead puts the positive and negative charges back into linens to drastically reduce linen degradation. It neutralizes the linen to a natural and neutral skin pH of 6+- 0.5; aids in drying process; brings linen integrity to a 'like new' condition; stays wet for shorter periods of time (hydrogen molecules returned); leads to soft, new and luxurious feeling; and leaves the absorbency levels of linen unchanged.

## POWER OF TECHNOLOGY:

### FOOD GRADE NEUTRALIZER TECHNOLOGY

Food Grade Acid Technology provides high performance acidic rinsing with natural, environmentally preferable ingredients resulting in a safer and more user friendly product.

## FEATURES

### MULTI USE:

- Drastically Reduces Dry Times
- Returns pH to 5.5
- Restores Linen Integrity
- Provides Soft and Luxurious Feel

## ENVIRONMENTALLY CONSCIOUS

- Food Grade Acids
- Ultra Green Approved
- Biodegradable
- Cold Water Wash
- Green Seal™ Certified

Effective in both hard and soft water

## ECONOMIC

Small load: 0.68 oz or 20 mL    Normal load: 0.8 oz or 24 mL  
Large load: 1 oz or 30 mL    Pequeña: 0.68 oz or 20 mL  
Carga media: 0.8 oz or 24 mL    Gran carga: 1 oz or 30 mL

**CONTAINS 256 LOADS  
AT MEDIUM DOSES**

Laundry Care

ULTRACHEM LABS

Food-Grade Neutralizer

## PROPERTIES

Color: Light Green  
Detergency:  
No Detergency  
Foaming: Non-foaming  
Fragrance: Naturally Sweet,  
no fragrance added  
pH: 3.0 +- .08  
Rinsability: Complete  
Wetting: Excellent  
Emulsification: Excellent  
Shelf Life: 2-3 years depending  
on storage conditions
